Mr. James Q. Reber
Central Intelligence Agency
2430 E Street, N.W.
Washington 25, D. C.

Dear Mr. Reber:

Reference is made to IAC-D-54/1, Interagency Source Control.

I concur heartily in the Terms of Reference presented by the working group for establishment of an inter-agency source control mechanism. It is not clear whether the AEC is invited to participate in the Source Group here indicated. Since, however, we are deeply interested in this operation, I shall designate as principal from this office Dr. Malcolm C. Henderson and as alternate, Dr. Charles Reichardt.

Sincerely yours,

W. F. Colby

Director of Intelligence
